Vintage Conditions

Winter: (Dec, Jan, Feb): *Dry, moderate. Snow and cold arrived at the end of February.*
Vegetative Cycle: (Mar-July): *Early bud break, but followed by cooler conditions that slowed the vine development. Hail struck on July 28th and reduced the crop by 40%.*
Flowering: (25 May-10 June): *Cooler than normal but dry. Excellent conditions.*
Productive Cycle: (Aug-Oct): *Warm but never overly hot, with numerous brief rainstorms. Slow, even development of the grapes with a long "hang time."*
Harvest Period: *Each plot was calmly harvested at optimal ripeness, later than normal.*

Vintage Characteristics: The potential for greatness in the 2016 wines made from Nebbiolo is undeniable. The 2016 wines show at their core a steely, precise reserve; at this early point in their development they are closed and impenetrable. The vintage, notwithstanding the hard hail and numerous rains, also gave us happy results for the other grapes as the near-perfect conditions did not encourage the spread of grape diseases and we were able to use organic farming processes to maximum effect. It is a vintage where all the wines show great site-specific transparency.

Cavallotto Family Tasting Note:

The Grignolino grown in the Bricco Boschis has a particularly fine exposure which was critical in the cooler conditions of the 2016 vintage. Ripe red fruits, herbal notes of eucalyptus, sage and thyme and an appealing spiciness dominate the nose. In the mouth, the smooth, velvety texture, defined by fruits and freshness, makes the wine disarmingly easy to enjoy! (Cask Sample, February 2018)

Drinking Window: 2018-2025

Notes on Matching with Food:

This wine finds its best matches at the table, with appetizers of sliced meats such as prosciutto, salami and lardo; also Alba beef tartare and vitello tonnato. The wine is also good with pasta or simple red meat dishes in general, or with seasoned cheeses. The wine can also be consumed cool (12-15°C like a rosé wine), with delicate white meats or fish.
